**L'Espace Saint-Michel provides an admirable setting with its light and intimacy.**

The town chapel has been here since the 14th century. It has been rebuilt or restored several times. Its sober interior has some magnificent mural paintings by Albert Chavaz and seven stained-glass windows designed recently by Valentin Carron and given to the community by Léonard Gianadda. Furthermore, thanks to the benefactor, the chapel was restored and revamped in 2020 to become a cultural centre, l'Espace Saint-Michel.
